

SHORT NEWS

Baptized in Jesus Name!

When we are not traveling, we worship in Payates at Elder Bugay's church. It's been our pleasure to minister and help this church grow. We ended the month of March with several baptisms as well as Mark (pictured on right) receiving the Holy Ghost. His wife received the Holy Ghost in our last conference but he had not yet surrendered to God. I'll never forget the way he responded after I preached, "Seek the Lord While He May Be Found". This man sought the Lord, received the Holy Ghost, and there has been a remarkable change in his life since that day. To God be all the glory! A few weeks ago, Sis. Seleca (pictured on right), one of the ones we baptized in March, received the precious gift of the Holy Ghost.

Senior Missions Trip!

April brought us eight eager Americans and one little baby. Our dear friends, Bro. and Sis. Rodgers (and baby Bristol), brought six high school seniors from our home church in Tulsa, OK. They worked hard to raise the money so they could spend their senior trip working for God in a third world country.

They were here for only one week and we packed their itinerary with sight-seeing, church services, evangelism and a little souvenir shopping. On their fifth day here I gave them the option of a little recreation or another church service, they chose the latter. I should have known, for this is what they came for!

Pastor Bugay praying for Mark before I baptized him, in Jesus name, in a local river. Wonderful experience!

Sis. Seleca receiving the Holy Ghost!

Notice Mark behind her left arm. Every altar call, he comes and gets a renewing. Then he finds someone to pray with.

No one taught him this...

Welcome service, in Payates church, for Bro. and Sis. Rodgers and the seniors from The Lighthouse Church of Tulsa, OK.

This was their first service in the Philippines.

House-to-House!

In three different cities we paired up with a local and went house-to-house looking for people to give Bible studies to. Before the week was out, there were 57 Bible studies taught and some of them were taught to whole families.

Each church has been following up with the contacts that were made and have been able to turn many of them into regular Bible studies. Please help us pray that we would reap a harvest from these efforts.

Thank You!

A genuine "thank you" to each of you that support this work. We are grateful that God has put a burden upon you to back us in prayer and finances. We are often reminded how necessary it is to have our brothers and sisters in the U.S. as Laborers Together in this great harvest field. Let us work while it is yet day, for night cometh when no man shall work.
