SPREADING THE GOSPEL IN THE PHILIPPINES

Greetings from Manila Philippines!

After two years of praying and planning, we finally arrived in Manila the night of January 9th. We received a warm welcome by the Wheelers and other saints of God here. We have been busy looking for housing and becoming familiar with the culture. The Wheelers have been so welcoming and helpful as we settle in and we are grateful to them.

Just a few days after landing, we held a seminar with the youth leaders from the area churches. We had a great time getting to know them and it ended in a move of the Holy Ghost. These leaders are hungry to see revival in their youth groups and we are excited to work with them and see what doors of opportunity God opens for them.

We have been able to teach the youth from three different churches so far, and are scheduled to be in more over the next few weeks. We had almost 40 in attendance at our first meeting in Bagong Silang church. After the lesson on "seek ye first the kingdom of God", they began to pray earnestly resulting in a tremendous breakthrough in the Holy Ghost. In Pasay and Payatas both, there was sinner young people present. They seemed to enjoy the lesson and promised to come back. Some of them have even agreed to Bible studies.

The winds of revival are blowing in the Philippines! As we settle in and begin working for God in the Philippines, we realize even more how dependent we are on your prayers and support. Thank you for your burden for this mission.
